Project period: 01/2017-04/10/2018

Role: Co-Principal Investigator

Project Title: “Dissecting the synergy between

cocaine abuse and HIV disease progression”,

Protocol #: 15-06-402; Sponsor: NIH/MeTRC,

8/2016-9/21/2018

Role: Co-Principal Investigator

Project Title: HIV and Hepatitis C Screening

Project Period: 09/30/2016-08/31/2017

Private grant agency: Gilead Sciences

Award amount for grant year: \$249,578.00; indirect costs: \$22,689.00

Role: Project Director and Principal Investigator

“Social and Behavioral Determinants of Health and Missed HIV Health Care Visits”,

Protocol #: 15-10-451

Sponsor: Tennessee Center for AIDS Research (TN-CFAR) \$20,000.00

Project period: 09/2015-12/08/2017

Role: Principal Investigator, Meharry Medical College

Capacity Building Assistance (CBA) to Improve the Delivery and Effectiveness of Human Immunodeficiency Virus (HIV) Prevention Services for High Risk Category and Racial/Ethnic

Minority Populations, Sponsor: CDC, 2/01/2010-3/31/2014

Role: Capacity Training Consultant

Role of autophagy in HIVAN pathogenesis 3/17/2011-3/17/2012

Sponsor: NIH 1 U54 RR026140 01

Award amount: \$150,000.00

Role: Co-Investigator

HUEH Tuberculosis Program, Sponsor: United Methodist Committee on Relief, 02/01/2011-01/31/2013

Award amount: \$200,000.00

Role: Founding Program Director and Principal Investigator

Role of XMRV in HIVAN pathogenesis, Sponsor: NIH, 07/01/2011-06/30/2012

The goal of this study is to determine the prevalence of XMRV among HIV-1-infected and healthy non-infected African Americans and Whites

Award amount: \$150,000.00

Role: Co-Investigator

Adult Therapeutic AIDS Clinical Trials, NIH/NIAID, 5 U01 AI46339 05, 01/01/01-12/31/06

The goal of this project is to conduct clinical studies that advance our knowledge of HIV/AIDS and the clinical care of people living with HIV/AIDS

Time effort: \$9,166.00

Role: Investigator

NIH/NIAID, U01 A138858

Vanderbilt-Cornell-GHESKIO International Adult AIDS Clinical Trials

The goal of this project is to extend therapeutic investigative expertise in HIV/AIDS in resource- limited countries

Role: Program Liaison/Investigator

NIH/Fogarty, PA-03-013, 09/30/03-09/29/08

AIDS International Training and Research Program

The goal of this project is to train clinical investigators and conduct research related to HIV/AIDS and associated opportunistic infections, especially tuberculosis and STDs.

Time effort, \$9,500.00

Role: Trainer-of-Trainers

International Clinical, Operational and Health Services Research Training for AIDS
and Tuberculosis (ICOHRTA), Vanderbilt University and Cornell University,

GHESKIO Sponsor: NIH/Fogarty, 2D43 TW000018 16

Time effort: \$9,500.00

Role: Trainer-of-Trainers

Vanderbilt-Meharry Center for AIDS Research, NIH/NIAID, 1 P30-AI-54999-02,
05/01/03- 05/31/05, Award amount: \$105,717.00

The goal of this project is to bolster strength in translational AIDS research, enhance
multidisciplinary research in all areas relevant to HIV Epidemiology, prevention, pathogenesis,
and treatment

Role: Co-Director

Meharry Center for Health Disparities Research in HIV
NIH/NCRR, 1 U54 RR019192-01, 09/30/2003-08/31/2005

The goal of this project is to establish a center for research on health disparities in HIV
at Meharry Medical College.

Award amount: \$74,374.00

Role: Principal Investigator on research project “Evaluation of Serotype-Specific Immunity to
Conjugate *Streptococcus pneumoniae* vaccine in HIV-infected African-American Adults”
